

TWO FLYING BOATS WRECKED OVER LAKE

Squalls Bring Jannus and Johnson Down Far from Land

BOTH ARE RESCUED

Beckwith Havens, Carrying Passenger Only One of Three to Finish First Lap of Race

JANNUS' MACHINE WRECKED

CHICAGO, July 7.—Two of three hydro-aeroplanes which started from Chicago today to fly to Detroit were wrecked over Lake Michigan by squalls and fell into the waves far from land.

Anthony Jannus of St. Louis and his mechanic, Paul McCullough, were picked up off South Chicago by the steam dredger Dahlke. Walter Johnson of New York, flying alone, was rescued near Whiting, Ind., by the South Chicago U. S. Life saving crew. Jannus' machine was abandoned in a squall after the dredger had started to tow it ashore. The life savers brought Johnson's craft to shore and he may resume his flight.

Havens Reached Michigan City. Beckwith Havens, carrying a passenger, J. P. VerPlanck of Fishkill, N. Y., owner of the machine, reached Michigan City in safety, the only one of the ten aviators originally scheduled to start who made the first lap.

Jannus was the first to leave Chicago. Havens followed ten minutes later. Johnson's start was delayed by engine trouble.

Jannus had trouble from the start. He ran into a thunder storm with fierce squalls of wind when he had covered about half the distance. The machine was forced to descend but the lake was so rough that it was with difficulty that Jannus and McCullough could keep aloft. The men were paddling desperately in the effort to keep the craft right side up when the dredger steamed up to them and threw them lines.

The rescue was just in time as a few minutes later such a squall blew up that the Dahlke found it impossible to tow the air craft and was obliged to cast it adrift. The hydro-aeroplane drifted out of sight in a few minutes, apparently a wreck with its wings torn and broken. Jannus and McCullough were almost exhausted. They were revived in the cabin of the dredger and a short time after being landed they were able to proceed to Chicago by train. The rescue of Jannus and McCullough was seen by the U. S. life saving crew which picked up Johnson.

Johnson's Craft in Good Condition. Johnson was able to make a landing on the water and was in good shape when the life saving crew pulled out to him.

Engine trouble had forced him to descend but his craft was said by the life savers to be in condition to proceed. It was hauled out on the beach in readiness for a possible start tomorrow.

Beckwith Havens, who left Chicago a few minutes before 1 o'clock, dropped into the smooth water of Michigan City harbor at 1:43 p. m. The distance is about sixty miles by the air route.

FINANCIAL SITUATION IN PITTSBURGH ABOUT NORMAL

Members of Clearing House Refuse Aid From New York, Chicago and St. Louis.

Pittsburgh, Pa., July 8.—The financial situation in Pittsburgh today following the suspension of the Kuhn institutions yesterday is about normal tonight.

So secure did the members of the clearing house feel in the stability of conditions generally that a meeting that had been scheduled for this afternoon to consider the financial situation generally was called off and offers of assistance from New York, Chicago and St. Louis were refused.

The run on the Pittsburgh Bank for Savings, started yesterday, increased today but appeared to abate as the day wore on.

ONLY FIFTEEN WOMEN VOTE.

Auburn, Ill., July 8.—Little interest was taken by the newly enfranchised women voters in the mayoralty primary here today. Only fifteen women voted in the primary. Election is a week from today. Local issues are sharp and candidates have been active.

EXPERTS TO INSPECT MEAT PACKING PLANTS

MEN SELECTED FROM OUTSIDE
GOVERNMENT SERVICE

Step Follows Criticism of Federal Meat Inspection—Three College Professors Chosen—Will Report to Secretary Houston.

WASHINGTON, July 8.—Meat packing establishments throughout the country are to be subjected to searching inspections by well known experts, selected by the secretary of agriculture from outside of the government service. This step follows criticism of federal meat inspection from various sources and Secretary Houston announced today that its object was to increase the efficiency of the service and to foster public confidence. The secretary made public the names of three college professors who have been chosen to visit and report to him personally upon conditions existing in packing plants in New York, Massachusetts, Connecticut, Illinois and Missouri. Dr. W. T. Sedgwick, professor of bacteriology and sanitary engineering in the Massachusetts Institute of Technology, is to inspect plants at Worcester, Brightwood and New Haven, Conn.; Dr. V. A. Moore, professor of pathology at Cornell university, will go to Philadelphia, New York, Buffalo and Pittsburgh, and Dr. J. A. Conaway, of Missouri Agricultural college, to Kansas City, St. Louis and St. Joseph, Mo., and National Stock Yards, Illinois.

"It is my desire," the secretary said in his instructions to the experts, "that you report to me fully and frankly, the conditions as you find them at the various packing establishments, together with such recommendations looking to the improvement of the service, as in your judgment may seem best."

In a statement announcing his plan, Mr. Houston said:

"This new inspection of meat packing establishments by outside experts, under temporary assignment by the government, will in no way supersede or lessen the work now being done by the bureau of animal industry. The idea is simply to have the inspection and regular work checked up by competent authorities who will report directly to the secretary."

PEACE OVERTURES BETWEEN RAILROADS AND TRAINMEN CASE

Forty Eastern Roads and 100,000 Men Involved—Final Action Rests With Committee Which Meets Saturday.

New York, July 8.—Peace overtures ceased here today between 40 eastern railroads and 100,000 members of the Order of Railway Conductors and the Brotherhood of Railroad Trainmen after the employees' representatives in conference with the railroad managers announced that 94 per cent of the men had voted to strike for increase in wages. Final action on the proposed settlement remains with the general committee of one thousand of the conductors and trainmen's organization and a meeting has been called for Saturday. It is unanimous opinion in operating circles that the strike vote will be ratified unless the companies meanwhile offer to pay higher wages or agree to submit the dispute to arbitration.

During the negotiations today the Erie railroad and its two subsidiaries, the New Jersey and New York and the New York, Susquehanna and Western withdrew, leaving 42 roads in the conference. The Erie system claims that the increase demanded represents an annual cost to the three roads of \$1,200,000 and that the system in paying this sum would suffer in safety appliances and equipment.

The conference committee of managers will meet Monday to consider the decision of the employees' general committee. The railroads are then expected to make their ultimatum.

DECIDES TO PROLONG STAY.

Cornish, N. H., July 8.—President Wilson has so improved in health in the last three days and likes his summer home here so well that he practically decided tonight to prolong his visit until Sunday. Should affairs in Washington, however, become pressing, he will start back immediately to the capital.

The satisfactory progress of the tariff bill, especially the adoption of the caucus resolution by the senate Democrats, insuring a safe majority for the measure, removed the last bit of anxiety the president had about spending this week away from Washington.

The president today played golf on the links at Hanover, N. H.

FRANCISCO DE LA BARRA RESIGNS.

Mexico City, July 8.—Francisco de la Barra resigned as minister of foreign affairs today. He may go abroad as he announced some weeks ago, but it is possible that he may return to Toluca, capital of the state of Mexico, to complete his term as governor, to which he was elected early in the year.

COL. COX DROPS DEAD.

Calumet, Mich., July 8.—Col. James N. Cox, former adjutant general of Michigan national guard and chief clerk of the Calumet and Hecla Mining company, dropped dead tonight at his home in Houghton, Michigan.

HEAVY STORM SWEEPS NORTHERN ILLINOIS

Three Reported Killed Near Elgin and Damage Estimated at \$50,000

THREE WOMEN INJURED

Over Two Inches of Rain Falls in Half Hour at Rockford—Many Lives Endangered

NAT'L GUARD CAMP FLOODED

ELGIN, Ill., July 8.—Three men were reported killed and property damage estimated at \$50,000 was done by an electrical storm here today. Four stores were unroofed by the wind, the steeple of the First Baptist church was blown down and much damage was done to telephone and telegraph wires.

Arthur Peterson, 18-year-old son of John Peterson, a wealthy farmer four miles west of here, was struck by lightning and killed instantly. Otto Hamlin and Charles Andrews were badly injured at Pingree Grove when the barn in which they sought shelter collapsed. Both were injured internally and both suffered broken legs.

Fred Hurst at Gilberts near here, also had both legs broken in the collapse of a barn at that place.

Reports from the outside points in this county indicate that at least 24 barns and as many silos were blown down and many horses were killed and injured. Trainmen arriving from Marengo report that one man whose name they could not learn was killed by lightning there. At Dundee and Algonquin the big gas mains were washed out and the gas was turned off to prevent possible explosions.

No word has been received here from Woodstock and Sycamore where it is reported the storm was severe.

One of the team of horses which Peterson was driving was killed by the bolt which caused his death, while the other was uninjured.

This city was in darkness tonight owing to damage to the electric lighting plant. Street car traffic on Highland avenue and St. Charles street was blocked by fallen trees.

The roof of the Lynch block, on Chicago avenue, occupied by four large stores, was blown a hundred feet into the railroad yards across the street. Reports from Dundee and Sycamore, nearby villages, say both were badly damaged by the wind.

Heavy Damage at Rockford.

Rockford, Ill., July 8.—An electric storm of great severity caused property damage of many thousands of dollars here today. Scores of houses and barns were wrecked, telephone and telegraph wires were blown down and many streets are impassable from the hundreds of big trees blown down. In the half hour from 3:30 p. m. to 4 o'clock 2.3 inches of rain fell and most of the streets in the lower parts of the city became rushing rivers. Nearly every cellar in town was flooded.

Great damage was done crops in the country. Entire fields of grain and corn were blown down and some of the fields are now under several inches of water. The city was in darkness tonight owing to damage to the lighting plant. Lives were endangered by swinging electric wires which were torn from the poles, but the police ordered all electric currents turned off. There were no deaths reported.

Three Women Badly Hurt.

Three women were badly hurt when the foundations of the little house in which they lived crumbled. The women had taken refuge in the cellar of the house and were nearly buried in the falling bricks. They were:

Mrs. Bertha Colby, collar bone and leg broken.

Mrs. Mathra Duquetz, badly bruised.

Gertrude Cravers, legs broken.

A report that the excursion steamer Illinois had been sunk in the river with a large loss of life was untrue. The captain of the steamer saw the storm coming while several miles from here and chored along shore until the wind subsided. The churches were among the serious sufferers from the wind. The high steeples of the First Baptist church and Zion Lutheran church were blown down and a cornice of the court street M. E. church was torn off. The old baseball park was wrecked, the grand stand being demolished and the grounds filled with water.

Many small launches tie in the river were torn from their moorings and washed over the dam.

Storm Ends Disruption.

Chicago, July 8.—Rain and wind struck the encampment of National Guard troops at Lyons, Wisconsin and Missouri at Lyons a suburb this afternoon flooding the camp and putting a stop to Governor Deneen's inspection. Six inches of water from rain and from the Desplaines river covered the campsite for a short time. Most of the commissary stores were ruined and the guardsmen will have a taste of real war hardships. More than 1,000 men are encamped at Lyons.

FORMAL DECLARATIONS REGULARIZE WAR

UNDERSTOOD THAT POWERS WILL
NOT ATTEMPT TO MEDIATE

Servian Despatches Admit Strong Bulgarian Column Has Invaded Servia at Konagevatz—Priest Confirms Reports of Massacres.

BELGRADE, July 9.—According to authoritative information the Bulgarian forces, nine battalions strong, which invaded Servia at Konagevatz, were entirely annihilated. They met the Servian forces and engaged in a desperate battle at the entrance of Seajesar Pass.

LONDON, July 8.—The Balkan war having now been regularized by formal declarations it is understood that the powers will make no attempt to mediate. The Official Gazette at Belgrade published tonight notice of a formal declaration of war against Bulgaria.

Military news was lacking to day. Servian despatches admit a strong Bulgarian column has invaded Servia at Konagevatz, which town they occupied after setting fire to the adjacent villages. Cholera has been brought to Belgrade by the wounded. Official Greek despatches claim a great victory at Doiran, where the Bulgarians, recently reinforced were in superior strength to the Greeks. The latter assert that a whole division of Bulgarians was destroyed and that the Bulgarians fled in such confusion that they even left loaded guns behind. This victory is considered of great importance because Doiran was the Bulgarian virtual line center and all the provisions fell into the hands of the Greeks. It is reported from Sofia that the tenth Bulgarian division which reinforced General Ivanoff was brought from the Thetalia district. This would indicate compliance with Turkey's demand that the Bulgarians evacuate Turkish territory. The Bulgarians are taking the offensive against Nisha according to announcements from Sofia.

Saloniki, July 8.—Father Michel, superior of the French Catholic Mission at Kilkish, confirms reports of massacres committed in that district by Bulgarian irregulars. In one instance they burned to death seven hundred men belonging to Kurkut by imprisoning them in a mosque under which they exploded bombs, setting the building on fire. They had previously assembled the victims' wives and daughters to witness the spectacle.

Even more terrible scenes were enacted at Kilkish, Planitza and Raynovo, women also being burned to death. Father Michel asserts that among the irregulars responsible for these atrocities were business and professional men and students from Sofia.

King Peter Announces War. Belgrade, July 8.—King Peter has issued a proclamation to his people announcing war in which he says:

"The Bulgarians, forgetful of the Servians, brought the troops on the field. This action has caused intense feeling."

An official despatch asserts that the Servians has repulsed the Bulgarians at Zetchar, on the frontier with heavy losses and at Vlasina.

HEARINGS ON CURRENCY BILL WILL BE OPEN TO PUBLIC

Action Agreed Upon by Democrats After Lively Executive Session.

Washington, July 8.—All sessions of the house banking and currency committee for consideration of the administration currency bill will be open to the public. This was agreed upon today by the Democratic members of the committee after an executive session said to have been marked by lively incidents. Rumor had it that some of the committee men almost came to blows but this was emphatically denied tonight by Chairman Glass.

Over the protest of the chairman and other influential members the Democrats adopted the report of a sub-committee headed by Representative Bulkeley of Ohio, recommending that all hearings and all meetings of the committee or sub-committee be open, except upon a vote of four-fifths of these present for an executive session. The full committee is expected to ratify this action tomorrow.

WILL ASK INVESTIGATION.

Washington, July 8.—Secretary McAdoo will ask Attorney General McReynolds within a few days to investigate alleged irregularities in the conduct of the First-Second National bank of Pittsburgh which closed its doors yesterday.

The latest reports to the treasury department indicate that the losses of the First-Second may reach \$5,500,000 because the entire capital and surplus of the bank now seem to have been wiped out.

Hard Wind at Danville.

Danville, Ill., July 8.—A wind of almost cyclonic force struck Danville at 8 o'clock tonight followed by a short but heavy downpour of rain. Half of the roof on the Danville Wholesale Grocery company's warehouse was blown off and goods on the upper floor badly damaged. Plate glass windows were blown in, wires and trees blown down and lightning which struck the powerhouse of the electric company paralyzed a portion of the service for a time.

U. S. JUDGE REJECTS GRAND JURY REPORT

Refuses to Make Finding in Diggs-Caminetti Cases Part of Court Record

ACTION IS CRITICISED

Strictures Upon Course of President and McReynolds Object- ionable to Judge Van Fleet

SECOND REPORT IS ORDERED

SAN FRANCISCO, July 8.—Because it contained strictures upon the course of President Wilson and Attorney General McReynolds in connection with the resignation of U. S. District Attorney John L. McNab, the report of the federal grand jury before which was presented the evidence in the Diggs-Caminetti "white slave" cases, the postponement of which led to McNab's resignation, was rejected today by Judge William C. Van Fleet in the United States district court. Judge Van Fleet declared he would not permit the report as it stood to become a part of the court record.

"We have examined the letters telegrams and other correspondence papers relative to the postponement of these cases," ran the report. "We feel we would be lacking in our duty if we did not record our judgment and opinion thereon."

Warned Against Postponements.

"The district attorney had represented to all parties, including Mr. A. Caminetti, the commissioner general of immigration and to the attorney general for months the seriousness of any continued number of postponements. Several delays had already been acceded to by the district attorney. These representations had been made repeatedly and continued up to the last, when in the face of them the attorney general without consultation with the officers here preemptorily ordered the cases postponed."

"In the minds of this grand jury this constitutes a poor example of the practices of which the people throughout the country for years have been demanding correction."

Declares Defense is Weak.

"The defense of the attorney general in view of the correspondence is unfortunately weak. The action of the president in sustaining in one breath the position of the attorney general and in the next taking steps in exact consonance with those demanded by District Attorney McNab is in the opinion of the grand jury to say the least the most astonishing method of disposing of a serious case and we are forced to view in sadness and regret the remarkable closing of this chapter."

"I cannot permit this report to go in," announced Judge Van Fleet, after the reading had reached this point, "you had no question before you as to the rights or wrongs of the controversy which resulted in the resignation of McNab. It is therefore improper for you to make comments which could be construed as reflecting upon either the president or the attorney general."

The court then ordered that another report be submitted.

FOREST FIRE SWEEPING DOWN MOUNTAIN.

San Francisco, July 8.—With every available man from Mill Valley and the surrounding country, reinforced by troops from the Presidio at San Francisco and Fort Baker, on the fire line, combatting with back fire the half mile front of the forest fire which swept down Mount Tamalpais tonight, the authorities at 1 o'clock expressed some confidence that they would be able to save Mill Valley and nearby towns from destruction. The fire at that hour was more than a mile from the principal part of town. One part of the fire was eating its way southeastward and the town of Corte Madera, which lies directly ahead of it, was calling for help.

At midnight tonight the fire on Mt. Tamalpais burned itself out against back fires. The woods and villages are safe.

AGREE TO FINAL PROTOCOL.

The Hague, July 8.—The International Opium conference, which opened here July 1, has agreed to the final protocol which provides that if by December 31 the powers have not all adhered to the opium convention those who signed shall be invited by the Dutch government to appoint delegates to meet at the Hague to consider the possibility of putting the convention in force in spite of the abstention of the non-adhering states.

This convention was drawn up in 1912.

EXCHANGES ARE RE-OPENED.

St. Louis, July 8.—The Bell telephone company's exchanges at Granite City, Venice and Madison, Illinois were opened today for the first time since ten days ago when a cable, controlling all the telephones in the tritrics was cut by sympathizers of the striking girl operators. The switchboards were manned by men.

TELLS OF CAPTURE OF MORO STRONGHOLD

WAR DEPARTMENT RECEIVES REPORT OF CAMPAIGN IN PHILIPPINES

Extermination of Last Considerable Band of Savages Described—Brig. Gen. Pershing and Officers Commanded By Commanding General.

WASHINGTON, July 8.—A hair-raising story of hand to hand conflict with spear hurling Moro savages, of the battle to the death on an isolated mountain top, with no quarter given or extended, was cabled to the war department from the Philippines today by Major General Bell. It was the commanding general's report on the campaign of Brig. Gen. Pershing, which resulted in the extermination of the last considerable band of rebellious Moros and the complete disarmament of this warlike tribe.

Long negotiations had won over all but three or four hundred of the most desperate Moros and these fortified their stronghold on Mount Bagsak and prepared to fight it out with the American nation.

Troops Surround Bagsak.

"When no reasonable hope of peaceful conclusion remained," General Bell says in his report today, "Brig. Gen. Pershing arrived at Jolo with boats during the night of June 10th, secretly embarked his command and landing nearby surrounded Bagsak the same night to prevent a stampede of the women and children and non-combatants to the mountains again. Assaults began at daylight. Fierce fighting, part of it hand to hand, during five days was marked by tenacious resistance and counter attacks from Moros rushing on troops with barongs and hurling spears at the storming lines."

"The control of troops by the officers was admirable, thus preventing a greater number of casualties. The enemy was completely defeated and all the strongholds were finally taken. None of the Moros would surrender; some escaped but the remainder were killed, including Amil and his principal lieutenants during the engagement."

Officers Are Commended.

"Our mountain guns were dragged up the mountain by block and tackle finally reached command positions and rendered material assistance. Apparently officers and men behaved without exception with admirable courage and determination, though constantly on duty five days and nights of little rest and torrential rains. The district commander has commended Captain Taylor and Captain George Charlton of the Philippine scouts and First Lieut. Edward Rackley, of the same organization for conspicuous courage and leadership."

The report concludes with strong commendation of Brig. Gen. Pershing, who is given credit for having personally planned and conducted the Bagsak operations, commanding the forces in person and sharing all the hardships and dangers of the troops.

EDWARD LEACH OF NEW YORK CHOSEN HEAD OF ELKS

Grand Secretary Robinson Re-elected After a Three Cornered Fight.

Rochester, N. Y., July 8.—Grand Treasurer Edward Leach of New York today was elected grand exalted ruler of the Benevolent and Protective Order of Elks and Grand Secretary Fred Robinson of Dubuque, Ia., was re-elected after a three cornered fight.

The officers chosen today are: Grand Exalted Leading Knight—P. H. Shields, Clarksburg, W. Va. Grand Exalted Loyal Knight—H. H. Jennings, Bridgeport, Conn. Grand Exalted Lecturing Knight—E. M. Dickerman, Tucson, Ariz. Grand Inner Guard—Edwin J. Kelly, Cheyenne, Wyo.

Grand Trustee for five years—S. V. Perrott, Indianapolis.

Grand Trustee for two years to fill vacancy caused by death of Mayor Charles C. Schmidt of Wheeling, W. Va.—James R. Nicholson, Springfield, Mass.

Earlier in the day the grand officers made their annual reports.

NO HOPE FOR GEN.

Havana, July 8.—While public excitement still runs high over the attack on General Riva, chief of the Cuban National police by Governor Asbert and his friends, order is being preserved. General Riva is still living tonight but there is no hope for his recovery.

Supreme Court Judge Edleman has committed Asbert and Arlas to the city prison on the charge of attempted homicide.

APPOINTS LYNCH LABOR COMMISSIONER

Albany, N. Y., July 8.—After having been unsuccessful in three attempts to have John Mitchell, former president of the United Mine Workers of America, made a state labor commissioner, Governor Sulzer tonight sent to the senate for confirmation the appointment of James M. Lynch of Syracuse, president of the International Typographical union for the position.

GIVEN HEAVY SENTENCE.

St. Louis, July 8.—L. D. Seat was today convicted of violating the Mann white slave act and sentenced to ten years in the penitentiary and imposed a \$5,000 fine on each of two counts.

COMMITTEE FINISHES LAMAR EXAMINATION

Wall Street Operator Takes Senate Body Into His Confidence

HAD BUT TWO REASONS

Witness Swears He Wanted to Cause "Explosion" to Bring Antagonists "into the Open"

SUGAR LOBBYING TAKEN UP

WASHINGTON, July 8.—The senate lobby investigation committee took a look at Wall street today through the spectacles of David Lamar. The operator on the bear side who admits he banted about in the market place the names of men high in congress took the committee completely into his confidence. For all the machines he contrived there was after all, he swore, but two reasons. He wished to cause an "explosion" which would bring the Wall street men who he felt were antagonistic to him, "into the open" and he wished to insure the re-employment of Edward Lauterbach, his lawyer friend, who had fallen into disfavor with the mighty of the street. Although the committee tried to develop that there might have been some other consideration involved, Lamar denied such an allegation as often as it was made.

On Stand Several Hours.

Lamar was on the stand several hours and although five senatorsators wielded the scalpel at various times, they uncovered nothing that Lamar did not wish to reveal. Time after time he seemed to be on the verge of some admission to which patient questioning had brought him but he veered away and no persuasion or lawyer-like threatening could bring him back again. He was only playing the Wall street game, he said, when he made such frequent use of the telephone and talked about what might be done in Washington through prominent members of congress. It was the game he had known most of 25 years he had been in the street, he said, but he was through with it now. He was sorry for the publicity that had been given to the reports of influence in congress but except for that he thought the end justified the means. The explosion had occurred he added and his enemies had been dragged into the open to prove charges circulated for many years in the financial district against himself and Lauterbach. Lamar's examination was finished today and both he and Lauterbach were allowed to go with the understanding that if wanted they should appear again. With their departure the committee took up sugar lobbying again for three hours with a short excursion in the land of wool lobby.

Takes Up Sugar Story.

Charles D. Westcott, a Washington attorney who lives in Cuba, took up the sugar story again. He told of an unsuccessful effort he made to get Cuban planters to put up \$25,000 for the expenses of a free sugar campaign in Washington to offset the efforts of the anti-free sugar.

He added that the Agrarian league to which every grower feels obliged to belong, was dominated by the "trust" and the acting in compliance with the combine's wishes, it had opposed a free sugar campaign.

Westcott was put through a searching cross-examination by Senator Cummins about these statements. He finally said that he personally didn't know about trust domination in Cuba but that his statements were made on information given by growers.

SUFFERERS MARCH AT ERIE

Erie, Pa., July 8.—Through streets thronged by cheering thousands, school children and advocates of woman suffrage this afternoon marched in procession as the principal event of the third day of Erie's centennial celebration of Perry's victory at Put-In-Bay.

In the evening a long line of handsomely decorated automobiles passed over the same route and were enthusiastically received.

CHAMBER OF COMMERCE HELD JULY MEETING LAST NIGHT

Baseball Diamond to Be Built at Nichols Park—Hope Expressed That Better Burlington Service May Be Secured For Waverly and Franklin Shoppers.

A regular meeting of the directors of the Chamber of Commerce was held Tuesday night with a goodly representation present. Frank Byrns presided and a number of matters were discussed. Authority was granted to representatives of the Eagles baseball team to solicit funds for putting a ball diamond out at Nichols park. The desirability of a different time card on the Burlington was talked of and a letter was read from Manager Newsome of the Postal Telegraph Co., with reference to night telegrams.

Night Telegraph Service.
The roll was called by Secretary Fritchey and then the minutes of the last meeting was read and approved. The committee appointed to make an investigation about improving the night telegraph service in Jacksonville presented a letter from Manager Newsome of the Postal Telegraph Co. in which he gave the hours during which the postal office is open and also gave his home telephone number and stated that he would come to the office at any time in the night to send a telegram if notified by phone that his presence was needed.

Mention was made during the discussion which followed that after the Western Union office closed at 11 o'clock that a telegram can be given by Bell telephone to the Springfield office of the Western Union and that no charge is made for the telephone conversation.

A report was presented by the flood relief committee of which E. E. Crabtree is the chairman, showing distribution of money contributed some time since as follows: To Ohio sufferers \$100; to Indiana sufferers \$100; to Illinois sufferers, \$247.45.

Baseball at Nichols Park.
Howard Woodman and Alfred McCollister were present on behalf of the Eagles baseball team and asked authority of the Chamber of Commerce to solicit funds for preparing a diamond and erecting bleachers at Nichols park. This authority was granted as it was the opinion that ball games might serve to increase the interest in the park and would prove a feature of entertainment for many people.

Messrs. Woodman and McCollister said last night that it is the intention to arrange a number of games with out of town clubs and that the purpose is also to play a series of games during the time that the chautauqua is in progress.

The question of sending a large delegation to Griggsville during the Illinois valley fair to advertise the chautauqua was discussed and was referred to C. R. Knollenberg, chairman of the transportation committee to see if any desirable special arrangements can be made for transporting the delegation.

Want Better Burlington Service.
Probably the most important matter discussed was the Burlington time table and it was the consensus of opinion that if the city council could come to some understanding with the railroad about the use of Illinois avenue and in the agreement secure a train service which would give Franklin and Waverly shoppers plenty of time here that a great benefit would be done to the merchants. It was suggested that if the road could be prevailed upon to start a train at Litchfield each morning which would reach Jacksonville by eight or nine o'clock and go south again about four o'clock or even a little later that many residents of Franklin and Waverly who formerly came to Jacksonville but who shop elsewhere now on account of the inadequate train service would return to this city as a shopping point.

Mr. Knollenberg said that the council in dealing with the Burlington was simply trying to protect the interests of the city and was anxious to secure everything possible for the benefit of the merchants and citizens generally.

After other informal discussion the meeting was adjourned.

PRETENCE.
Mrs. Mary McCauley and children from Beardstown are visiting her parents, Mr. and Mrs. S. J. Word. William Holmes and wife of Ashland were calling on K. Green and family Sunday.

Rev. Mr. Carnell filled his regular appointment at the church here Saturday afternoon and Sunday.

Charles Yancy of Peoria is visiting his parents, Mr. and Mrs. W. H. Yancy.

James Farmer and family of Prentice were calling on his parents, Mr. and Mrs. Gordon Farmer, Sunday afternoon.

Mrs. Henry Means and Mrs. Heichel Williams and daughter, Louise, of Jerseyville are calling on friends in the vicinity.

Quite a number from here attended the street fair and celebrated the Fourth in Ashland last week.

Mrs. Ada Hymes of Springfield was visiting her brothers, Charles Buker and family this week.

Miss Mina Hymes spent the Fourth with her niece, Mrs. Bruback, of Beardstown.

The Prentice Comets defeated the Tallula Walnut Row team on the local diamond here Sunday by a score of 16 to 3. This was largely due to heavy hitting by the Comets.

CITY OFFICERS REPORTS

Reports of city officers for the past month are summarized as follows: Emma S. Weller, reported as follows for the month of June, three children beaten and ill treated by mother. One little girl abused by step mother; 1 colored boy reported by father as incorrigible; one boy arrested for stealing; one case of miserable home conditions for children.

J. M. Coone, justice of peace reported fines collected \$92.10; city costs \$34.05; J. P. costs \$50; amount back fines \$15. Total \$191.15.

A. M. King, health warden reported total deaths 23; out of city 2; at insane 12; in city 18. The ages were as follows under one, 1; one to five, 2; twenty to fifty, 7; fifty to seventy 12; over seventy 10. Four cases of measles and one of poliomyelitis were reported.

G. P. Davis, chief of police reported arrests 44; city cases 41; state, 3; males, 40; females, 4; amount collected \$191.15. The cases were as follows: drunkenness, 26; larceny, 1; violating speed law, 1; disorderly conduct, 9; keeper of disorderly house, 2; violating sidewalk ordinance, 1.

J. T. Owen, sexton of Diamond Grove cemetery reported for the month, 12; H. Wannamaker, sexton of Jacksonville cemetery reported nine graves made.

R. L. Pyatt, city clerk reported collections through his office \$418.50; for Jacksonville cemetery \$116.95; for Diamond Grove cemetery \$352.70.

BOYS PUT IN LONG DAYS.

C. E. Dickson has a letter from his son Harrison Dickson who is with the crowd of Jacksonville boys at Randolph, Wis., telling of their life there. The boys are all employed by a cannery firm there and work mainly in the field where peas are being harvested and in the rooms where the peas are threshed from the pods. The boys are paid 22 cents an hour and are working about sixteen hours a day but occasionally even longer. The peas are cut with machines and are then put through a threshing process and the vines are put into silos for cow feed. The wages are high and the hours long because the season is short and it is necessary to have the harvesting done as speedily as possible. All of the Jacksonville boys are quartered in one big tent fitted with cots and they get good board at a cost of \$4 a week. There are several hundred workers in the harvesting most of them college and high school students.

HAS MOVED OFFICE.

P. P. Thompson, attorney, has removed from Morrison block to Avers National bank building, suite 705.

PRETENCE.

Mrs. Mary McCauley and children from Beardstown are visiting her parents, Mr. and Mrs. S. J. Word. William Holmes and wife of Ashland were calling on K. Green and family Sunday.

Rev. Mr. Carnell filled his regular appointment at the church here Saturday afternoon and Sunday.

Charles Yancy of Peoria is visiting his parents, Mr. and Mrs. W. H. Yancy.

James Farmer and family of Prentice were calling on his parents, Mr. and Mrs. Gordon Farmer, Sunday afternoon.

Mrs. Henry Means and Mrs. Heichel Williams and daughter, Louise, of Jerseyville are calling on friends in the vicinity.

Quite a number from here attended the street fair and celebrated the Fourth in Ashland last week.

Mrs. Ada Hymes of Springfield was visiting her brothers, Charles Buker and family this week.

Miss Mina Hymes spent the Fourth with her niece, Mrs. Bruback, of Beardstown.

The Prentice Comets defeated the Tallula Walnut Row team on the local diamond here Sunday by a score of 16 to 3. This was largely due to heavy hitting by the Comets.

NEW MONUMENT COMPANY
HOLDS FIRST ELECTION

Directors and Officers Named For Ensuing Year—Business Capitalized At Twenty Thousand Dollars.

A meeting of the stockholders of the Jacksonville Monument Co., which was recently granted a charter, capitalized at \$20,000, was held Tuesday afternoon. Directors were chosen and officers elected for the ensuing year.
The work of the new organization will be in the hands of an who have long been associated in the business and others who are well qualified to take up the various duties. For over a quarter of a century the name of Rowe has been associated with the granite work, as has William Raedner, who was unanimously chosen as manager of the new corporation. Mr. Raedner has been acting in this capacity for some time and through his ability and splendid efforts the firm has branched out and the volume of business is steadily on the increase.
Oscar Gustafson who was formerly with the Rowe Granite Co., as a letterer and designer will still continue in that capacity. He has received his work to that of an art and he has few equals in his line.
The company is fortunate in securing the services of J. V. Kennedy of Ashland, as the new sales manager. He has a wide acquaintance throughout Morgan and Cass counties, having been in the insurance business for a number of years. He is a man of splendid address and exceptional ability. The fact that all these men are either directors or officers of the company and are intimately associated in the business speaks in no uncertain way of the future success of the organization.
It was because of the growing business that the managers decided to form a corporation and at the meeting yesterday the following were elected as directors: F. H. Rowe, G. C. Rockwood, J. V. Kennedy and R. Y. Rowe.
The following officers were chosen:
President—Fred H. Rowe.
Vice-president—G. C. Rockwood.
Secretary—Oscar Gustafson.
Treasurer—R. Y. Rowe.

\$2.50 Round trip to Chicago via Wabash.

WITH THE SICK.
Edward Kastrup of South Church street is confined to his home by an attack of erysipelas.
Mrs. James Butler of the Henry millinery store is confined by illness to her home on West College street.
Miss Vincent Cronwell, who was operated on Monday morning at Passavant hospital for appendicitis, is in an improved condition and her symptoms are accounted favorable.
W. A. Jenkinson of 1249 West State street was taken suddenly ill at an early hour Tuesday morning with an affection of the heart. A few hours later, however, his condition was greatly improved and he is expected to be out as usual attending to business within a short time.

IN HONOR OF BIRTHDAY.

Fred Kohrs Reaches His Twenty-First Year.
A pleasant surprise was given Fred Kohrs, at the home of his parents, Mr. and Mrs. H. Kohrs, three miles south of Orleans, Tuesday evening, the occasion being the young man's twenty-first birthday. The surprise was planned and cleverly executed by Fred's mother and sisters. The merry makers assembled at the home of Richard Woods, seventy in all, and went in a body to the Kohrs residence.
The evening was spent in a happy manner with various games. Fred received a number of appropriate presents among them a beautiful birthday cake containing 21 candles, made by Mrs. Osie Duke. During the evening a splendid repast was served and in every way the occasion was enjoyable.

WILL OF H. W. HITT FILED.
The last will of Capt. H. W. Hitt was filed Tuesday with County Clerk C. A. Boruff. The will was drawn in 1910 with a codicil in 1911 witnessed by J. A. Rawlings and John E. Hall. Provision was made for Mrs. Hitt to have certain property and the income from other property during her life time but as her death has already occurred the property will now pass to Mrs. Sallie Hitt Crane and Elsie B. Hitt, daughter and son of the deceased, who are named executors. The property at the time the will was drawn consisted of the double lot Nos. 327 and 329 South Church street, and eighty acres of land not far from Riggston.

CROSS ROADS.

The G. R. C. club met at Miss Viola Reynolds' Wednesday afternoon. The afternoon was delightfully spent in croquet and fancy work. Light refreshments were served.
Mr. and Mrs. Joseph Helliwell and family spent one day last week with Mr. Helliwell's mother, south of Nortonville.
Richard Megginson was a Jacksonville visitor Saturday.
Mrs. John Tayman and daughters, Leah and Irene, of Jacksonville spent last week with her father, Isaac Watson.
The Ashbury Aid society will meet with Mrs. C. E. Taylor Thursday.
Mr. and Mrs. Charles Bealmer and son, Waldis, spent Sunday with Mrs. R. W. Megginson.
Dr. G. W. Miller and niece, Miss Marie Megginson, will start for Denver, Colo., August 1st.
Miss Hazel Watson is spending the past few days and nights with Mrs. J. H. Scott.

CAPT. MACKEY NOT READY WITH
ANY WATER COMPANY STORY

Says in Answer to Inquiry That He Has No Information at Hand to Make Public Now.

There have been so many inquiries as to the intentions of the Jacksonville Water company since their failure to furnish the city water beginning June 1 that the Journal recently addressed a letter to Capt. C. W. Mackey at Franklin, Pa., asking if he could furnish any information for publication along this line. In his brief letter of reply Capt. Mackey says there is nothing to announce at the present time but intimates that there is a possibility he may say something later. His letter reads as follows:

Franklin, Pa., July 7, '13.
Jacksonville Journal, Jacksonville, Illinois.
Gentlemen—
Your letter of the 23 inst came to hand on my return home Saturday last. There is really nothing I can say for publication in re water works at the present time. Later on I may be able to say something that may be of interest to the public. If so, I will be glad to communicate with you further.
Very truly yours,
Charles W. Mackey.

LYNNVILLE.

Mr. and Mrs. F. D. Woodward of Jacksonville took dinner Sunday with the latter's grandparents, Mr. and Mrs. M. V. Todd.
The Ladies' Aid of the M. E. church was entertained by Mr. and Mrs. W. S. Frost at their beautiful home last Wednesday. Delightful refreshments were served. The collection amounted to \$10.55. There was a display of fireworks that was enjoyed by all. The guests departed at a late hour, each vowing that they had had a very enjoyable time.

Otis Jolly now has an up to date store in the Odd Fellows building.
Alve Johnson of Chicago was a guest at the home of J. S. Duckwall the Fourth.
J. H. Gill and wife of Jacksonville spent the Fourth here.

NO SKATING RINK IN WINCHESTER.

Four young men of the city went a roller skating Monday, taking the trip in an auto to the rink at Winchester, only to find at their journey's end that the rink had moved away and that their roller skating prowess would have to remain undemonstrated. The young men who went to Winchester to use this elusive rink, which but a day or two before had been moved to Vermont, Ill., were Marcy Osborne, Thomas Abel, Alfred McColister and John Larson.

MISS LEACH DELIGHTS AUDITORS.
Audiences at Westminster church for several Sundays past have had the pleasure of hearing solos by Miss Ruth Leach and have been delighted with her work. For the past two years Miss Leach has been studying in Chicago and her singing now shows an artistic finish, and a voice of unusual strength and range.

HAVE GONE TO MICHIGAN.
Supt. and Mrs. W. A. Furr and two youngest children have gone to Indian River, Mich., where they will remain several weeks. Mr. Furr will be engaged in institute work for a time later in the season.

DOMINION CHESS TOURNEY.
Winnipeg, Man., July 8.—A number of well known chess experts are taking part in the tournament which began in this city today to decide the Dominion chess championship. The tournament, which will continue for one week, is under the auspices of the Canadian Chess Association.

STATE AGENTS HERE.
T. J. Kelly, state manager of Ohio, with headquarters in Columbus for the Clover Leaf Casualty Co., is a visitor at the home office. J. C. Rockwood, state manager of Illinois with headquarters at Aurora is also a visitor here.

WOUNDS ARE HEALING.

PROMPT WORK OF DEPARTMENT PREVENTS SERIOUS FIRE.

Blaze in Dr. Kopperl's Office Extinguished by Chemicals After Burning Laboratory Bench and Screen. The fire department was called to the office of Dr. G. H. Kopperl at 326 West State street at 10:40 Tuesday night to extinguish a blazing laboratory bench and screen, seriously threatening the building. It is not known whether the fire was caused by a faulty electric connection or by an unprotected gas burner as the work bench where the fire originated was fitted with both. The department arriving in quick time found it unnecessary to resort to the hose and extinguished the flames with chemicals. Dr. Kopperl was unable to give a quick off-hand estimate of the loss last night, but stated that in the case of the dental machinery and apparatus on the bench, the loss would be total. The screen at the side of the bench was consumed and the wall paper near was badly blackened.

HERMAN'S JULY CLEARANCE SALE IS ATTRACTING MUCH ATTENTION AND RIGHTLY SO, BECAUSE BARGAINS OFFERED ARE GENUINE FOR FIRST CLASS MERCHANDISE.

GIVEN INITIATORY DEGREE. At a meeting of Illini lodge No. 4 I. O. O. F., last night the initiatory degree was given Verne Ross Johnson. The first degree will be conferred again the last Tuesday of this month. Considerable time was spent last night in settling matters relative to the recently celebration of the 75th anniversary of the lodge.

STOPS RUNAWAY HORSE. Commissioner William Newman stopped a runaway horse that was going out East State street Tuesday afternoon in a rather novel manner. He was in his yard on East State

street when he saw a brown horse, which had evidently broken away from a buggy, coming down the street at a rather lively gait. Mr. Newman hurried into the street to stop the animal but the horse shied to one side and kept on running. Mr. Newman threw out his hands and just as the horse passed him he caught hold of the lines, which were flying in the air, and stopped the horse. The commissioner notified the police and the animal was taken to the station and later to Ogle's barn on North Main street. While the police have not as yet found the owner of the animal, they are of the opinion that it is the property of Joseph Wheeler.

SENATOR SIMMONS TURNS TRICK ON REPUBLICAN LEADERS

Gets Hold of Lengthy Analysis of Democratic Tariff Bill Prepared by Senator Smoot.

Washington, July 8.—Senator Simmons, chairman of the finance committee turned a trick on Republican leaders to day when he got his hands on a lengthy analysis of the Democratic tariff bill which had been prepared under the direction of Senator Smoot, pointing out what the Republicans claim are serious defects in the measure. Senator Smoot had delayed for a month the introduction of the analysis despite insistence of Senator Simmons that it be printed. On the last day of the caucus when the Republicans were assured that the Democrats were through with the bill, Senator Smoot concluded to send the document in for the printer. But the Democrats have not yet printed their bill and have a day or two to make corrections and laugh at their opponents inasmuch as debate will not begin until next week.

Knowing that the Republican document might contain valuable pointers, Senator Simmons directed the finance sub-committee to go over their schedules to day and poured over the Smoot analysis to check up with the sub-committee tomorrow. Senator Simmons heard some weeks ago that Republican leaders had cautioned Senator Smoot to hold back the analysis.

"Don't send it in yet," they urged, "it will give us away." Then the finance committee chairman determined to lay in wait for the document and to day he pounced upon it before it went to the printing office. He found the result of Senator Smoot's careful laborers of a month aided by a corps of experts and assistants. He said some of the analysis point out errors that could be corrected but that much of the document was found to be argumentative. The bill probably will not go to the printer until tomorrow night as the sub-committee are still checking up for corrections. Meanwhile Senator Simmons is completing the committee report on the measure.

SIMPSON ELIMINATES DICKSON. Galesburg, Ill., July 8.—A light rain here today did not hinder the progress of the golf and tennis tournament of the Central Illinois Association of Country Clubs which is being held here this week. In the golf preliminary rounds, Dickson of Springfield, who won the championship for the past two years, was defeated by Simpson of Galesburg 3 up and 2 to play.

The result proved a surprise, as Dickson was conceded to be an easy winner over all comers. The closest match of the day was in the first flight when Walton of Bloomington, defeated Jarl of Galesburg by 1 up in 20 holes. In tennis, Page of Peoria defeated Barnes of Bloomington by 6 to 2, 6-2 in singles. Doubles will be played.

ROOSEVELT ON WAY TO ARIZONA. Kansas City, Mo., July 8.—Theodore Roosevelt, accompanied by his sons, enroute to Arizona, arrived at the Union Station here at 9:30 tonight and ten minutes later departed for the west. Mother's Friend in Every Home

Comfort and Safety Assured Before
the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child. There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands. Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved so thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradford Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive. There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

FAMOUS BANDIT WILL BE FREE FROM MICHIGAN PRISON TODAY

Black Bart Has Served Twenty-Four
Years of Sentence—Convicted of
Murder Subsequent to Surgical
Operation Became Peaceful and
Stodious—Has Saved Money.

Marquette, Mich., July 8.—"Black Bart" Holzhey, whose criminal career was one of the most spectacular ever recorded in the United States, will be released tomorrow from the Marquette prison, after having served twenty-four years of a life sentence imposed on him in 1889 for murder. His release is made possible by legislation enacted two years ago, which extends the benefits of the parole law to convicts undergoing life sentence. Holzhey is now 47 years old. When he was received at the prison he was illiterate and possessed a record as a desperado, stage coach and train robber. He gave the prison much trouble during the first few years, but following a surgical operation his character changed completely and he became a model prisoner. He has since been a student and has given himself a good education. For many years he has been the prison librarian and photographer.

Became Notorious Bandit.
Because of his swarthy appearance and ill kept beard Holzhey gained the name of "Black Bart," the bandit, and under that sobriquet he became notorious as the most picturesque criminal in the histories of Wisconsin and Michigan—the terror of two states. His exploits in the woods of northern Michigan rivaled those of Jesse James. A peaceful lumberjack for a long while, he suddenly broke into a series of crimes which continued until the mention of his name struck terror to the hearts of travelers in the north woods. Stages were stopped one after the other on their trips between the lumber camps and the town and their passengers held up, the mail sacks rifled and every article of value stolen.

Finding stage coaches too tame, Holzhey took to holding up trains, going through the coaches and robbing every passenger. Large rewards were placed on his head by the government and the railroads, but he was fearless and was not captured. The rewards grew as his depredations continued until they totaled the sum of \$2,500. Every man in the woods was watching for him, but when Holzhey appeared in their camps and demanded food they feared to lay hands upon him. Holzhey's career of crime continued unmolested, banks, stores, trains, stage coaches and private houses alike falling into his hands and getting out again with less than they possessed before. Finally Holzhey planned to hold up the stage which passed Lake Gogebic, learning that several Chicago bankers, among them A. E. Fleischbein, were to be on board. He stopped the coach and demanded the money from the bankers. Fleischbein reached his hand into his pocket, but instead of cash he pulled out a revolver. Before he could shoot he fell mortally wounded. A second man tried to resist but Holzhey shot him also, searched the men and got away.

The authorities of two states took up the pursuit. Trains were watched and stages guarded. But for a long time Holzhey evaded his pursuers. He slept in the woods, only going to the villages for necessary food.

Captured At Republic.
It was when he went to Republic that the bandit was captured. Village Marshal Glode recognized "Black Bart," and aided by several men, lured Holzhey to an upstairs room. There all pounced upon the bandit. It took three men to bind the desperado after he had made a

ferce fight and attempted to shoot his captors.

In his cell Holzhey was as fearless as he was holding up a train or a coach. On one occasion he stole a table knife, sharpened it on the floor of his cell, and held one of the guards at bay in his cell when he came to take the prisoner to work. Many other times he gave the officials much trouble during the early years of his confinement. Finally the physicians decided that he was insane and he was sent to the asylum at Ionia. There he was operated upon, and then returned to Marquette.

Since the operation Holzhey has been a different man. He has given no trouble whatever, his demeanor has been as gentle as that of a child, and all his time when not at work has been devoted to reading. He is familiar with the history and politics of every nation and has written many essays on sociological and philosophical subjects. He invested the small earnings he had saved in copper stocks and his savings jumped to several thousands, with the help of Warden Russell, who placed his money for him. He is now an expert in the doings of the market. It is believed he has saved enough money to keep him the rest of his days. He probably will go to live with relatives in Wisconsin.

BIDS WANTED.

The city will receive bids for an electric generator and engine, to comply with the following specifications:

200 K. W. 3 Phase, 60 cycle, revolving field, 2,300 volts, 200 R. P. M. direct connected, 16x24 inches, 4 valve engine.

Bids are asked on used equipment and must be filed in this office by 10 a. m., Wednesday, July 9th. The right is reserved to reject any or all bids.

FOUND VALUABLE PEARL.

Dr. Jessie Carr of Sheridan, Ill., owns a boat on the Fox river. The other day while he was paddling up and down the stream he found a giant mussel shell. He pried it open and was astonished to find inside a great pearl. He named it "The Queen of America" and presented it to his wife. The day before yesterday he took it to Chicago to have it appraised, and to his astonishment he was told it was worth \$8,700. The Fox river, as well as the Illinois, has produced many pearls in the past, but nothing equal to Dr. Carr's find.

QUICK RELIEF FOR RHEUMATISM.

"Dr. Deitch's Relief for Rheumatism" has been a my wife wonderful benefit for rheumatism. She could not lift her foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

ROOSEVELT OFF FOR ARIZONA.

His sons, Quentin and Archie, accompanied him. The party will make a camping trip across the Arizona desert and through the Grand Canyon of the Colorado river.

KNIGHTS OF COLUMBUS AT MONTREAL.

Montreal, July 8.—An international convention of the Knights of Columbus began in this city today, with headquarters at the Windsor hotel. Several hundred prominent members of the order in the United States and Canada are in attendance. The sessions will continue two days.

WORLD SUNDAY SCHOOL WORKERS BEGIN CONFERENCE

Great Convention At Zurich, Switzerland is Formally Opened—
American Delegate Took Leading Part in Doings of First Day.

Zurich, Switzerland, July 8.—Today saw the formal opening in Zurich of the world's seventh Sunday school convention, for which preparations have been going forward for more than two years. The prediction that the convention would be the greatest gathering of its kind ever held seems certain of fulfillment. Some conception of its size and representative character may be had from the statement that the delegates from the United States and Canada alone number more than one thousand. Add to this the delegations of several hundred each from practically every country of Europe and some from South Africa, Australia, South America and the leading Asiatic countries, and the result is the largest international religious gathering that the world has ever seen.

The American delegates took a leading part in the proceedings of this, the opening day of the congress as they will at all the subsequent services, which will continue over a period of eight days. The formal opening took place in the great Tonhalle, the interior of which was decorated for the occasion with the flags of all nations. The presiding officer was Dr. George W. Bailey of Philadelphia, who delivered his address in English. Copies of the address in German and French were distributed among the delegates.

The musical features of the program attracted much attention and favorable comment. The Tonhalle Zurich symphony orchestra of forty-five pieces, one of the finest in Europe, furnished the instrumental music. A quintet of famous Swiss yodlers and a choir of 300 voices, under the leadership of Prof. A. J. Bucker of Cincinnati, added to the attractions.

Prominent Workers to Speak.
During the ensuing week the morning sessions will be devoted largely to addresses, reports and the business of the convention. The afternoons will be occupied with conferences and the evenings will be given over to inspirational and educational addresses by speakers of wide prominence. Among the Americans who will be heard are Bishop Vincent, Bishop Hartzell, H. J. Heinz of Pittsburgh, Dr. Robert E. Speer of New York, Rev. Dr. Floyd Tomkins of Philadelphia, Dr. and Mrs. Wilbur F. Crafts, Miss Anna Jarvis, founder of "Mother's Day," and E. K. Warren of Three Oaks, Mich., the founder of the international Sunday school movement.

Sunday will be the most notable day of the convention. It will be ushered in with a sunrise prayer meeting, and the regular services in the churches at 9 o'clock, the usual hour in Switzerland, will follow. The pulpits will be occupied by the noted churchmen who are among the delegates. Sunday afternoon will be featured by a children's parade, with addresses at the Tonhalle and a mass meeting with the general topic, "Perseverance and Good Citizenship." A notable service of an hour will be held at the Grossmünster Cathedral, the church of which Ulrich Zwingle, the great reformer preached as pastor.

Another strong feature of the convention will be the Sunday school roll call of nations, with five-minute responses from representatives of the United States, Canada, Mexico, England, Ireland, Scotland, Wales, France, Germany, Spain, Italy, Sweden, Russia, Bulgaria, Austria-Hungary, Denmark, Turkey, Norway, the Netherlands, the Philippines, Japan, Korea, China, India,

Iceland, the various countries of South America, and several countries of Africa.

FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a vitrified pipe sewer on Doolin avenue and Cox street.

Notice is hereby given to all persons interested, that the Board of Local Improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance, therefore.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said court on the 24th day of July, A. D. 1913, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day, and may appear on the hearing and make their defense.

Board of local improvements of the City of Jacksonville, Ill.
By E. M. Henderson,
Secretary.

Dated Jacksonville, Ill., June 9, 1913.

CLAIMS BOLL WEEVIL CONQUERED.

New Orleans, La., July 8.—The government experts here are of the belief that the boll weevil is no longer a serious menace to cotton. Despite the large number of weevils this year Louisiana and Mississippi bid fair to produce record crops.

Careful attention is declared to be the secret of the victory over the pest. By this is meant the keeping of the fields clear of litter and rubbish, picking out the punctured bolls and burning them, and exposing as much of the plant to the sun as possible. This latter is accomplished by leaving more space between rows and plants and by trimming out as much of the plant as possible to prevent too much "weed." The farmers generally appear to have followed the advice of the government experts along these lines. Even the negro farmers seem to have learned that it is money in their pockets to keep their fence corners cleaned up so that they will not afford harboring places for the overwintering weevils.

STOCKS MAINTAIN FAIR DEGREE OF STEADINESS

DOWNWARD MOVEMENT PROVES SLIGHT

Union Pacific Was the Only Important Speculative Stock—Day's Trading Consisted of Slow Fluctuations Within a Narrow Range.

(By Associated Press)

New York, July 8.—Although the stock market was subjected to further depressing influences today it maintained a fair degree of steadiness. The drift was downward but the movement was so slight as to be insignificant. Union Pacific was the only important speculative stock, which at its lower price of the day showed a loss of as much as a point. Some success attended efforts to depress the market but bear pressure induced no general selling and when moved upward as readily as they had previously eased off. There was no heavy trading and the day's movements consisted of slow fluctuations back and forth within a narrow range, with a heavy undertone.

The lack of demand for stocks was the more noticeable by reason of the fact that a considerable volume of investment buying is looked for at this season of the year, following the heavy July interest and dividend payments. The July reinvestment demand thus far has been unusually light in comparison with other years.

PRESSURE OF NEWWHEAT TOO MUCH FOR MARKET

CLOSING PRICES, ALTHOUGH STEADY, WERE 1/2 TO 5/8 UN- DER.

No Single Day in the History of Chicago Ever Before Equalled Record of New Wheat Bought to Arrive According to Good Authority.

(By Associated Press)

Chicago, July 8.—Pressure of new wheat was too much for the market today, notwithstanding assertions that a liberal export business had been done at the seaboard. Closing prices, although steady, were 1/2 to 5/8 under last night. Corn finished unchanged to 1/2 down, oats off 1/2 to 5/8 and provisions varying from the same as 24 hours before to an advance of 10c.

According to good authority no single day in the history of Chicago as a wheat market ever before equalled the record made today for the huge amounts of new wheat bought to arrive here. In addition to the extraordinary aggregate of such purchases of new red winter grade from Indiana, Illinois and Missouri, there were heavy takings of both old and new hard winter to come here from west of Missouri river. The bulk of these transactions were all the market for futures.

Wheat bent downward from the start and at no time showed any important rally.

Decided falling off in rural offerings of corn strengthened that market.

Most of the gain disappeared, however, under realizing sales by longs.

LETTER FROM BERLIN.

(By Associated Press.)

Berlin, July 8.—The impression generally prevailing in Germany that Emperor William becomes incensed every time he sees himself caricatured is quite erroneous. It is in the class of popular misconceptions concerning the German emperor, and has no foundation in fact. On the contrary, Emperor William finds much amusement in these caricatures and he has made an extensive collection of them, to which he is constantly adding. He makes selections from foreign papers as well as German and has many American cartoons of himself properly indexed and classified. The signatures of the best American caricaturists are about as familiar to him as they are to most American newspaper readers.

he emperor began this collection by acquiring a book of caricatures on himself by a Frenchman named Carteret. The sale of this volume in Germany was prohibited by the authorities immediately it appeared, but the emperor's hearing of this restriction, sent for a copy of it and then ordered the prohibition removed. Carteret's sketches are the nucleus of his collection.

Up to the time of this incident, the German comic press, more out of fear than reverence, had avoided all direct representation of the emperor, but after the Carteret episode German caricaturists became bolder. In 1905 Kladderadatsch astonished its readers by publishing a caricature of his majesty as a cucumber, the face consisting of an interlocking mark, in which the features of the emperor were plainly discernable. Since then the German press has added many specimens to the imperial collection, many of them by no means complimentary to the royal subject.

Germany has made prodigious strides in commerce and industry since 1888, and much statistical information showing these increases has been published in connection with the celebration of Emperor William's quarter century on the throne. It is now claimed that Germany is ahead of England as a producer of merchandise.

In the last 25 years Germany's imports have risen from \$818,000,000 to \$2,541,000,000, and her exports from \$700,000,000 to \$2,146,000,000. Her foreign business affected shipping as follows: Tonnage movement in 1888, 42,000,000 tons; in 1912, 137,000,000 tons, including lignite, was produced in 1888 to the extent of 81,000,000 tons; in 1912 the figures showed 259,000,000 tons. Crude iron produced in 1888, 4,300,000 tons; in 1912, 17,800,000 tons. Imports of raw cotton show equally interesting figures; 913,000 bales in 1888, as against 2,276,000 bales last year. Germany's great electrical industry has almost been created during the past 25 years and the leading electrical manufacturing companies of the country have increased its capital strength more than 20 fold since 1888.

The general machinery trade has been revolutionized, its product enormously increased, and the efficiency of all the leading industries of the country has been multiplied in the past 25 years of improved machinery. While the efficiency of the individual workman has been greatly enhanced by machinery, the number of working men and women has also been largely increased, as is evident from a gain of about 19,000,000 in the population of the empire since 1888.

Rentals on apartments and houses in the principal cities of Germany are rising faster than incomes and as a result the percentage of house owners is steadily decreasing. A hundred years ago 70 per cent of all Berliners owned their own homes; now only 12 per cent do so. The average number of persons dwelling in one house in Berlin is 77, as against 8 in London. Of all Germany's important cities, only Lubek and Bremen still cling to the one family house. Everywhere else the apartment house has become the rule.

In 1868 residents of Hamburg with incomes from \$225 to \$300 a year paid 20 per cent of the total for rent; they now pay more than 25 per cent. The proportion of rent to income has risen in Breslau to 34 per cent among persons with incomes of \$1,000. It is not at all uncommon to find persons who pay more than a third of their entire income for rent alone, and in some cases the percentage reaches 40. It is doubtful if any other nation in the world pays such a high percentage of its income for housing. A Berlin authority estimates at 324 the average percentage paid for rent by those inhabitants of Schöneberg, a division of Berlin, whose incomes do not exceed \$300 a year.

The pay of a German lieutenant is not sufficient to support a family, and the army regulations, as is generally the case in European countries, forbid an officer's marriage without his superior's consent. His permission is given only when a bride with a stipulated minimum dowry is found. Former Lieutenant Hermann Bauer of Dusseldorf, while still in active service but at a time when his application to be permitted to resign had been handed in, married without the army authorities' consent. He has just been sentenced to six weeks' imprisonment in a fortress.

When German justice make a mistake, it pays for it. Johann Reyer became involved in a famous perjury case 18 years ago, was convicted and served four years in prison. He protested his innocence and finally, in 1911, had the case reopened and was acquitted. The provincial court at Dortmund has now granted him the sum of \$5,200, with a pension of \$475 a year until his 65th year, as recompense for his unjust incarceration.

EASY TO BEGIN ORGANIZATIONS FOR CHARITABLE PURPOSES

Francis McLean Speaking Before National Charity Conference Talks of Reforms—Importance of Register of Births is Emphasized.

Seattle, Wash., July 8.—The ease with which charitable societies and institutions are started in American cities and that without much thought by responsible people, was discussed by Francis H. McLean, general secretary of the American Association of Societies for Organizing Charities, before the National Conference of Charities and Correction here this evening.

"We are passing through a period in which philanthropic societies and movements of all sorts are being organized almost daily," said Mr. McLean, who went on to discuss the various needs of different cities and the consideration which must be given to organizations already in existence. "It is necessary," he said, "in order to prevent the waste of effort and of resources occasioned by the individualistic chaos in which anyone can start anything at any time to take up the question of developing programs of charitable work, just as the development of cities on the municipal side is being organized and directed through city planning."

Birth Registration Important.

It is more important for mothers to see that the births of their babies are registered than it is to see that their own marriage is recorded, according to Dr. Lewis Meriam of the Federal Children's Bureau.

Dr. Meriam in an address on "Auditing the Birth Account," before the national conference of Charities and Correction here this morning said, "every mother should specifically ask the person in attendance upon her whether the baby has been properly registered. The birth is just as sacred as the marriage, and the reasons for recording the marriage are, if anything, of lesser importance than the reasons for recording the birth. The community must therefore demand that persons who are in attendance at births shall make reports, and if they fail to do so that they be prosecuted." Dr. Meriam outlined a co-operative movement which the children's bureau is about to enter into with the women's organizations throughout the country, in which committees of women in selected towns and districts will get the names of a number of babies for each member, go to the registration office, see if they are recorded, and report the results to the bureau in Washington. It is expected that this widespread interest and responsibility will have the effect of securing the registration of practically all babies born in these communities. Such a complete registration is necessary, in the judgment of the children's bureau, that there may be a scientific basis for all efforts at social betterment; to enable health authorities to bring to the family of the baby a knowledge of hygiene and sanitation which will preserve the health of the infant; to give to the state a record of the age of its children, so that it can enforce its laws for compulsory education and for the protection of the children from the evils of child labor; and to furnish each and every citizen with a proper record of the date of his birth and his parentage in the archives of his birth place.

All of said points and lands being in Morgan county, Illinois. A general description of the work proposed is as follows: To straighten Mauvaisterre creek from said starting point to said terminus by constructing a ditch with a bottom width of 30 ft. and a uniform gradient of .075 per hundred feet from station 0 to station 293 plus 67.8 ft. and with side slopes of 1 horizontal to 1 vertical for the banks of said ditch throughout its entire length. Said ditch to take the place of said creek as it now is, to straighten the same and thus prevent the overflow of the lands adjacent thereto. The name of said district is the Mauvaisterre Drainage and Levee District of Morgan County.

That the court has set said matter of said report of said commissioners down for a hearing at the July term, of said court, on the 26th day of July, A. D. 1913, at 10 o'clock in the morning, said hearing to be held at the court house in Jacksonville, Ill.

Fell Under Burlington Train While Attempting to Board It.

Isaac Welch, a former resident of Winchester, died Saturday in the Galesburg hospital as the result of injuries received when he attempted to board a Burlington train at the station in Galesburg. He was born in Winchester and was about 40 years of age. He married a daughter of the late Thomas Baird of Scott county. He taught school for a short time, later went into the restaurant business and then found employment with the Chicago & Alton, making Goodhouse his headquarters. It is understood that he had been conducting a butcher shop in Harper, Kan.

WORK UNDER WAY FOR BIG UNION REVIVAL

Committeemen and Pastors Form Permanent Organization for the Meetings Next September.

Work is under way for the union meeting next September under Dr. Milton S. Reece. Rev. W. L. Dorgan of the First Baptist church was named chairman of the work for the revival at a gathering Tuesday evening at the Y. M. C. A. of the pastors of the five churches who will participate, with the members of the various committees already appointed. The Rev. W. E. Spoons will be the general vice-chairman and F. E. Baldwin, the secretary of the work. The participating churches are Centenary, First Baptist, Grace, Central Christian and Northminster. Rev. Mr. Dorgan was chairman of the meeting Tuesday evening at which permanent organization was effected and the members reported from each church on the committees to have charge of executive work, advertising, canvassing, music, finance and ushering. Each of the pastors assigned by the chairman to one of the committees which included in their membership a lay member from each of the five churches. The interest shown by the roomful of men, the plans discussed and the rapidity and ease with which the organization was carried on fortell a rousing good meeting in September.

The committees composed of laymen appointed by the pastors of the five churches are as follows: Advertising—Baptist, Jacober, Alexander, Raybourns; Centenary, J. W. Priest; Central Christian, C. L. Mathis; Grace, C. P. Gillett; Northminster, Charles Rheinhardt.

Canvassing Committee—Baptist, J. W. Chipchase; Centenary, Albert Farrow; Central Christian, Dr. C. C. Patchen; Grace, Dr. H. L. Griswold; Northminster, Vincent Vieira.

Music—Baptist, W. C. Springgate; Centenary, A. C. Metcalf; Central Christian, J. R. Watt; Grace, T. V. Hopper; Northminster, Edward Marks.

Committee on Ushering—Baptist, L. B. Turner; Centenary, H. C. Busby; Central Christian, H. C. Clement; Grace, W. E. Veitch; Northminster, W. C. Sperry.

The executive committee which consists of two members of each of the churches is composed of Jerry Cox and A. B. Williamson from the Baptist church; J. W. Taylor and G. W. Boston from Centenary; A. C. Rice and D. Rees Browning of the Central Christian church; F. E. Baldwin and S. O. Shuff of Grace and E. M. Vasconcellos and George Day of Northminster.

Finance—Baptist, Carl Weber; Centenary, E. G. Sage; Grace, J. W. Breckon; Central Christian, George Douglas; Northminster, Joshua Vasconcellos.

Rev. Mr. Spoons was assigned to membership on the advertising committee, Rev. Mr. Darsie on the canvassing committee, Rev. Mr. Miller, finance and Rev. Mr. Flagg, music. The nominating committee, which was appointed by the chair on motion to put forward men for the heads of the general organization was composed of E. G. Sage, George Douglas and C. L. Mathis.

BOARD OF EDUCATION AFFAIRS CAUSE WIDE DISCUSSION

Injunction Proceedings Might Further Complicate Third Ward Membership—Opinions Differ as to Meaning of the Law.

If as rumor says he may, Dr. L. H. Clampt today gets out an injunction to prevent the city council from naming a member of the board of education from the third ward, the affairs of the board will be in a somewhat unusual condition. If a temporary injunction should be prayed for and granted, the hearing might be had in vacation or the case might go over to the November term of the circuit court, which would probably have the effect of giving full legality to any action taken by Dr. Clampt as a board member.

The Quo Warranto Case.
Several weeks ago a quo warranto proceedings were commenced in the circuit court to oust Dr. Clampt. State's Attorney Tilton and Commissioner Newman filed the information. At the hearing the court basing the finding mainly on certain provisions of the Jacksonville school charter decided against Dr. Clampt. An appeal was taken to the appellate court and Dr. Clampt and his attorneys insist that this appeal acts a supersedeas and that he is qualified to act as a member of the board of education until the higher court makes known its decision on his appeal. After getting the decision in the circuit court but finding that the appeal acted as a supersedeas, Mr. Haigrove as attorney for Mr. Newman took another line of action and relying upon the charter provisions mentioned above and which are quoted herewith secured an action from the city clerk notifying the city council of the removal of Dr. Clampt to the second ward. The charter provision mentioned reads as follows:

Charter Provision.
"All officers under this act shall hold their office until their successors are appointed and qualified; removal from his ward by any director or shall vacate his office and whenever a vacancy shall occur in the office of director the city council of Jacksonville shall supply the same upon notice thereof by the clerk of said city which appointment shall be for the unexpired term only."

Council is Notified.
The communication of the city clerk to the council read as follows: Jacksonville, Ill., June 30, '13. To the Honorable Mayor and Commissioners of the City of Jacksonville.

Gentlemen:
I hereby notify your honorable body that acting under Section 19, Article 2, of the special school charter of the city of Jacksonville, Ill., that Dr. L. H. Clampt, member of the board of education of the third ward, has removed from that ward.

Respectfully,
R. L. Pratt, City Clerk.
What Constitutes Removal.
The solution of the controversy seems to hinge upon the question of what constitutes a removal and in the line of argument presented by attorneys for Dr. Clampt it is maintained that intention had much to do with what constitutes a removal. There are a good number of cases on record wherein the courts have upheld officials who have moved even from the state in which they had been residing but with the intention to return. However it is admitted that action will have a large influence in interpreting an official's intention. In other words the intention to stand must be carried out.

In talking about the controversy yesterday one corner suggested that the opponents would be interesting indeed if the council should go ahead and select a member and later on a decision from the higher court should favor Dr. Clampt. There is some concern with reference to the tax levy ordinance of the board of education. This ordinance carries with it about \$70,000 for ordinary expense and \$20,000 for building purposes. If by chance this ordinance passed by a vote of 3 to 2 and one of the three votes was Dr. Clampt's and it was subsequently proven that he was not at the time the ordinance was passed a legal member of the board then there would be an excellent chance for railroads or other large tax payers if they so desired, to evade the payment of their school taxes. It is likely however that this contingency will be guarded against.

A Question of Intention.
The board tangle is the cause of a good deal of speculation. In discussing the matter of "intention" one person has asked whether it would be possible for Dr. Clampt to continue to live in the second ward until next May and then still declaring his intention of moving back to the third ward, be a candidate for re-election. Another suggestion which has been made as a solution for the problem should there be no injunction and should the council declare its intention to name a member is that Dr. Clampt hurriedly find a third ward house and move into it, then be rehired by the council. Meanwhile all the board and council members seem to be proceeding along in a comfortable sort of a way and the board change talk furnishes a good theme for conversation and discussion during the summer quiet.

Final night of Gus Graubner's auction sale at Illinois hotel. Be sure to attend.

WILL TAKE AUTOMOBILE TRIP TO PORTLAND, MAINE

Dr. J. W. Hairgrove and Party Will Leave Soon For Eastern Pleasure Journey.

Dr. J. W. Hairgrove, accompanied by Frank Leach, Louis Frank and G. B. Andre and William Deppe of Boardtown expect to leave either Saturday noon or Tuesday morning in Dr. Hairgrove's Premier automobile for an eastern trip. Enroute they will visit Springfield, Decatur, Indianapolis, Fort Wayne, Cleveland, Buffalo, Rochester, Syracuse, Albany, Old Hanover, N. H., with North Theford, Vermont as the objective point. This place is a short distance above Cornish, N. H., where President Woodrow Wilson has his summer camp. Mrs. Hairgrove and Miss Webber have been at North Theford for sometime and they will return via automobile. Messrs. Leach, Frank, Andre and Deppe will return home via the St. Lawrence river. Dr. F. A. Norris expects to go east later on and will return with the Hairgrove party, who will make the journey home starting from Hanover, going to the foot of Lake George, up in the Adirondacks, Lake Champlain, thence to Portland, Me. They will then go down the coast to Massachusetts and return home by the same route going out. The journey is about 1250 miles and Dr. Hairgrove estimates that it will take about one week. He expects to be back in Jacksonville August 15.

INSPECTED WELL EQUIPMENT

Tuesday William Constable of Chicago, a power expert for the General Electric company came to Jacksonville by arrangement with W. B. Miser, superintendent of the Jacksonville Railway & Light Co., to inspect the power equipment at the Widenham and Daub wells. Mayor Davis, Commissioners Brennan and Knollenberg and superintendent Catherwood, with Mr. Constable and Mr. Miser went out to the wells and spent some time there. Mr. Constable found the equipment to be in excellent condition and said yesterday afternoon that he had never had occasion to inspect equipment of the kind which was installed in better shape.

SPENT ANNUAL TREAT.

Members of the police and fire departments enjoyed liberal quantities of ice cream and cake Tuesday evening sent them by Supt. C. P. Gillette of the State School for the Deaf. Mr. Gillette has followed this generous custom for a number of years and the men greatly appreciate his kindness.

MATRIMONIAL

Killam-Radford.

At 2:30 o'clock Sunday afternoon July 6, 1913, Miss Marie Radford of Franklin, Ill., was united in marriage to Mr. S. H. Killam of Carlinville at the home of her sister, Mrs. W. I. Dobbs of Girard. Eld. W. I. Dobbs performed the ceremony which was a very pretty one. After the ceremony an excellent luncheon was served. The bride was dressed in an embroidered white silk voile. She is well known in and around Franklin and Jacksonville where she has lived the most of her life. The happy couple will reside on the groom's farm west of Carlinville. Among those present were Mr. Tom Killam, son of groom, Mr. and Mrs. Clark Mills, Miss Opal and Master Charlie Mills of Modesto, Mr. and Mrs. S. B. Lair of Nilwood and the Misses Bertha and Sadie Coffey of Girard.

Final night of Gus Graubner's auction sale at Illinois hotel. Be sure to attend.

MORTUARY

Handy.

Funeral services for Martha Handy were held at the A. M. E. church Tuesday afternoon at 2:30 o'clock in charge of Rev. Mr. Shaw, assisted by Rev. Mr. DeWitt, in the presence of a large number of relatives and friends. Music was furnished by the church choir. Interment was made in Jacksonville cemetery and the bearers were James Mathews, Louis Johnson, Jacob Davis and Ruben Hyatt.

INJURED BY FALL

Edward Wilson of South West street met with an unfortunate accident Tuesday morning on the east side of the square. As he started to step from a wagon he caught his feet in the lines and was thrown to the pavement in such a way that he suffered a fracture of the left arm at the elbow. Mr. Wilson will be kept from work for a number of weeks, a fact he greatly regrets as he was just about to start on an important house moving job.

Attend the auction sale at the Illinois hotel tonight at 7:30 o'clock; furnishings for ten beds, will be sold at the bidders' price. Sale closes tonight. Gus Graubner.

ASKS PASTOR'S RETURN.

At a recent meeting of the official board of Centenary M. E. church, a resolution was passed which embodied a unanimous call for the pastor, Rev. G. W. Flagg to return next year. Some committees were appointed to work in connection with the other churches for the union revival to be held in September and other routine business transacted.

NEWS IN BRIEF.

DR. TREADWAY TO WORK FOR GOVERNMENT

Secures Position As Assistant Surgeon of the National Health Service — Was Sixth in Competition.

Dr. W. L. Treadway of the local staff of physicians at the Jacksonville State hospital, received word yesterday from Surgeon General Rupert Blue of Washington, that he had ranked sixth in the list of the physicians who had taken the examination for assistant surgeon of the government health service. Dr. Treadway was formerly from Arenzville and is a graduate of a medical college in St. Louis. He has been a physician at the state institution since 1909. He will probably receive a call from the government in some two weeks. On account of his knowledge of mental and nervous diseases it is probable that he will be sent to some marine hospital or immigrant station. The many friends of Dr. Treadway will be pleased to learn of his splendid success.

CHAMBERLAIN'S BIRTHDAY.

London, July 8.—Today was the seventy-seventh birthday anniversary of Joseph Chamberlain, who until ill health forced his retirement a few years ago, was one of the most conspicuous figures in British political life. At his home in Birmingham Mr. Chamberlain received a flood of felicitous messages. In London the anniversary was observed with a notable banquet at which Viscount Ridley presided. One hundred and fourteen guests attended the affair, the number corresponding to Mr. Chamberlain's age, added to 37, the number of years he served in the house of commons.
